### Brand or bland?

Do big name designers, whether major firms with a strong brand image, or high-profile touring professionals, help a golf development make money? Or is signature design merely a byword for increased costs and dumbed-down golf? Our cover story asks the difficult questions

## 40

### Mixed developments

With an ever-increasing number of mixed golf and residential developments in Britain and Europe, the need for effective masterplanning of sites can't be underestimated. Martyn Hocking consults the experts to find out more

### 06 Tee Box

Donald Trump's planned resort in Scotland leads off our round-up of the golf industry news from the past three months

### 23 The Player

Visibility is high on the list of desirable attributes for a golf course, says Mark O'Meara

### 24 The Pioneer

Canadian Jeff Mingay profiles Stanley Thompson, his country's greatest golf course architect

### 28 The business of risk

Architects wanting to work in the US need to be well aware of the problems of liability, says Jason Straka

### 31 Why desert golf is no mirage

Golf in the desert can't be natural, but it can still be compelling, says Arizona-based architect John Fought

### 48 Interview: Kyle Phillips

The architect of Kingsbarns and Dundonald tells us about his regard for Harry Colt and how his course at The Grove will challenge the best this autumn

### 56 On Site

GCA visits Askernish in the Outer Hebrides to see if Old Tom Morris's 1891 course can be restored, and we profile Muskoka Bay in Canada

### 64 Holing Out

Jeremy Pern questions the obsession with course rankings in the golf industry

## Sponsors

With thanks to all the organisations that support *Golf Course Architecture*, including our 14 primary sponsors for issue four:

Founded in 1985, Carrick Design Inc. has become recognised for developing some of the best golf courses in Canada and Europe. The physical layout of the site and maintaining traditional values of the game are two important qualities that guide and influence all designs. [www.carrickdesign.com](http://www.carrickdesign.com)

Niblick Golf Design is the result of a partnership between Graeme Webster and Brian Phillips, two of the most imaginative designers of golf courses in recent years. The Niblick Golf Design philosophy is to create an exiting golf course that fits the land, the eye and of course the budget. [www.niblickgolfdesign.com](http://www.niblickgolfdesign.com)

Following the completion of Bandon Dunes in 1998, David McLay Kidd launched his own design company, DMK Golf Design. The company has a wealth of academic and practical experience and considers a hands-on design approach to be essential. [www.dmkgolfdesign.com](http://www.dmkgolfdesign.com)

J. Michael Poellot Golf Designs is a full service golf course design firm with offices in Saratoga, California. Mike Poellot brings his over 30 years of creative design experience and personal involvement to every project... from concept to completion. [www.poellotgolfdesigns.com](http://www.poellotgolfdesigns.com)

Faldo Design is a leading international golf course architectural practice dedicated to designing outstanding golf courses. Established in 1991, it has completed projects in 12 different countries and is currently working in North America, Europe, the Middle East, the Caribbean and Asia-Pacific. [www.nickfaldo.com](http://www.nickfaldo.com)

Rain Bird's sole focus since 1933 has been developing and manufacturing innovative irrigation products. Over 850 golf courses in 30 different countries in Europe benefit from the class-leading reliability and efficiency of Rain Bird PC-based control systems and sprinklers. Rain Bird's reputation, experience and expertise as the irrigation specialist are unmatched. [www.rainbird.com](http://www.rainbird.com)

Harradine Golf has designed, constructed and/or supervised the construction and/or re-modelling of over 200 golf courses in Europe, Africa, Asia and the Middle East with budgets ranging from \$850,000 to \$50m, in varied and often difficult terrains ranging from arid, rocky, dry and saline mountainous and seaside conditions, agricultural plains and waste tips, to cold alpine sites at altitudes of 1,850 metres. [www.harradine-golf.com](http://www.harradine-golf.com)

Ransomes Jacobsen Ltd is one of the leading manufacturers of golf course maintenance equipment, compact utility vehicles and golf cars. Based at Ipswich in Suffolk they distribute quality equipment across a territory encompassing Iceland to India. [www.ransomesjacobsen.com](http://www.ransomesjacobsen.com)

One of the largest multi-disciplinary golf architectural practices in Europe, and known throughout the world, Hawtree's painstaking approach to layout saves money, preserves the existing character of the site, and ensures the contentment of a wide variety of golfer. [www.hawtree.co.uk](http://www.hawtree.co.uk)

Robert Trent Jones II, one of the pre-eminent firms worldwide, invites you to share its passion for our great game. The Robert Trent Jones II team is committed to creating spaces of the earth, for the spirit. [www.rtj2.com](http://www.rtj2.com)

Established in 1992, Jeff Howes Golf Design continues to offer its clients a professional, innovative and top quality golf course design service. Central to its design philosophy is respecting a sites' natural attributes/history whilst striving to achieve a finished product which is both challenging to players of all levels and fun to play. [www.jhgd.com](http://www.jhgd.com)

Swan Golf Designs is a firm of international golf course architects working in some thirty countries from Iceland to Nigeria, from USA to China. The team of seven architects all in EIGCA membership undertake a full professional design service — conceptual, detailed, design and establishment together with planning consultancy — on new projects as well as renovation and restoration programmes on existing courses. [www.swangolfdesigns.com](http://www.swangolfdesigns.com)

Kyle Phillips Golf Course Design has been appointed to design courses in more than 10 countries, including Kingsbarns Golf Links which has been recognised as one of the top 50 courses in the world. [www.kylephillips.com](http://www.kylephillips.com)

For 60 years, Wimberly Allison Tong and Goo (WATG) have not been following trends; they have been setting them, by designing hospitality, leisure and entertainment venues in over 150 countries worldwide. The firm's mission is to "responsibly create special environments that lift the spirit". From offices around the globe, we help clients to create the world's most successful destinations.
