Replica and template golf

Borrowing concepts from classic golf holes has a long history within course design. But are holes, and entire courses, that are based on someone's else's design themes, somehow a lesser form of golf architecture?

Resort golf

With an ever-increasing supply of destinations to tempt golfing tourists, building a successful golf resort has never been more difficult

08 Tee Box

A preview of the changes made to Carnoustie for this year's Open leads off our news section. Plus a new course on Gary Player's old estate in South Africa, and plans are afoot to build in the Italian resort of Cortina

23 The Player

Tony Jacklin, twice a Major winner and four times a Ryder Cup captain, has ambitions to build a successful design practice, he tells us

24 The Pioneer

Few have heard of Archie Simpson, but many have played the holes he designed. Richard Goodale profiles one of the lesser-known giants of golf architecture
